**ROCK YOUR WORK OUT IN TEN MONTHS. Then take the remaining two months off, paid!**

If you have experience in the landscaping field and enjoy leading work teams and interacting with people, you can make a great living with North By Nature Landscapes AND "have a life" too!

- Flexible work week
- Overtime is available, but not required.
- Three weeks paid vacation from March to December
- Paid spring and summer holidays

**WHY NBN?**

- Be part of a team that maintains a safe, positive, and supportive work environment. We share the heavy loads.
- Plant carbon-sequestering native plants by the hundreds! Throw a gut punch to climate change.
- Build patios, paths, and retaining walls from natural stones that have been shaped by geological changes. Our creations stand the test of time.
- Our natural shoreline restoration and stabilization projects result in beautiful habitats for people and nature, too.
- The landscapes we create support pollinators, birds, and other Northern Michigan wildlife.
- Industry-leading pay scale
- Unlimited room for advancement

**THE JOB**

The project manager will assist management to plan and implement landscape designs, work plans, and budgets.

The project manager will assist crew leaders with on-site work, material acquisition, equipment needs, adjustments to work plans, and paperwork to help assure that project work is completed to specifications, on time, and on budget.

The project manager will assist crew leaders with client and crew communications as needed.

### **SKILLS**

- Excellent communication
- Organization
- Managing multiple projects
- Expert in multiple aspects of landscape construction and gardening such as
  - planting,
  - plant care,
  - masonry hardscapes,
  - reading and implementing designs and plans,
  - heavy equipment operation,
  - drainage and erosion control, and
  - natural shoreline restoration.

North By Nature is truly an equal opportunity employer.
